Hello Michael

I am writing to provide amended documentation for the above application. Please consider this a formal re-submission.

The drawing register provides a clear summary of the submitted drawings and how they supercedes the originally submitted drawings. This document is attached to this email

With regards to the documents that I am submitting these are as follows:

- A response to consultee comments, which summarises all the comments made and our response to them. This document is attached to this email.
- An accommodation Schedule
- An amended WSCC parking calculator
- An email regarding Bus Stops from Littlehampton Town Council. The relevance of this is detailed in the 'response to consultee comments'.
- A revised DAS and Appendix A of the DAS

- A Drainage Technical report dated 17.09.17 - amended to take account of the revised site plan. The principles have not changed.
- A Tree Report dated 11th August 2017 and amended Tree Plan 16276-BT5
- A Noise Report dated September 2017 along with various noise mitigation specs
- Amended Energy Statement - to take account of amended layout and accommodation schedule. This will follow shortly.
- RSA 1 Addendum
- RSA1 Addendum Response Report

The drawings and documents are too numerous in number to include in emails and as the Council do not accept drop box or similar transmission I have put all the drawings and documents on CD and this should arrive with you Wednesday morning.

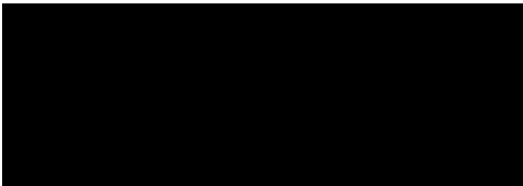

With regard to CGIs I am in the process of getting these amended and will forward them over shortly. However, they are only for illustrative purposes and will not form part of the approved drawings for the site.

Kind Regards
Laura
