For attention of Claire Potts

Highways England reference: 77623

Site: Land North of Toddington Lane, Parcel C1 & part Parcels B2, B4 & C2, Littlehampton, BN17 7PP

Description: Approval of reserved matters following outline consent LU/47/11/ for construction of 126 No. dwellings together with internal road network, car parking & landscaping.

Planning application: LU/121/17/RES

Dear Ms Potts

Thank you for your consultation of 19 April 2017 regarding the above application.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

This application is for reserved matters for part of the North Littlehampton strategic development site at Land North of Toddington Lane, Littlehampton. Condition 43 of the outline planning permission for the full site (LU/47/11/) requires that prior to the occupation of 350 dwellings, an agreed improvement scheme is provided at the A27 / A284 Crossbush junction. We ask your Council to advise Highways England when the number of dwellings coming forward for construction reaches this trigger point of 350 dwellings.

We do not offer any objections relating to this application on the basis that the improvement scheme at A27/A284 Crossbush will be delivered by the developer/s prior to the occupation of 350 dwellings on the Land North of Toddington Lane site.

I attach our formal response.

Kind regards,

Elizabeth Cleaver, Assistant Spatial Planning Manager
