Further Details in regards to W16 & ED6

Simon from Sussex leaded lights will provide the glass to go within the frames. The details of what he will be supplying us with is below:

W16

New traditional metal Sussex pin manufactured with pins attached to wooden frame and fully functional. 2 new leaded lights manufactured using heritage clear glass and English lead came.

One leaded light fully attached to Sussex Pin opening frame.

One non opening leaded light glazed into new wooden frame using traditional putty.

All windows will be made to fit the new wooden frames which are being supplied by fineline.

Please note this window has been created to match exactly the existing window on that elevation W15 – Pictured Below :

ED6 Window

New traditional leaded lights manufactured using heritage clear glass and English lead came.

One non opening leaded light glazed into new wooden frame using traditional putty.

All windows will be made to fit the new wooden frames which are being supplied by fineline.

Further information in regards to finishes.

W16, W6, ED6 Window W11, W19 & W20

All these windows will be finished in a Weathershield Pure brilliant white Satin wood paint.

The Porch W10

These windows will be finished in Weathershield Black Satin wood paint – this matches the current porch.

Doors will be sealed, protected and left natural with a clear sealant.
