CONCLUSIONS**PRINCIPLE**

The key policies D DM1 and D DM4 of the Arun Local Plan and Policies 1 and 2 of the Littlehampton

Neighbourhood Development Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy 1 of the Littlehampton Neighbourhood Development Plan states that permission should be granted where applications accord with the relevant policies in the Neighbourhood Plan. It goes on to set out circumstances where an applications conflict with Policy 1 would be acceptable.

Policy 2 of the Littlehampton Neighbourhood Development Plan seeks to focus development within the built up area boundary.

DESIGN AND VISUAL AMENITY

There will be few available views of the development from the public realm, as a result of the siting at the rear of the dwelling as such the extension does not have a significant impact upon the character of the locality.

The extension has a maximum height of 3.85m from ground level on the side which is to match that of the existing roof line currently on the side extension. The majority of the extension being at a height of 2.9m with a flat roof. The development is approximately 6m lower than the ridge height of the host dwelling, and it appears subservient to, and well integrated with dwelling.

The application is in accordance with D DM1, D DM4(a) and (b) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The development will not result in any harmful overshadowing or overbearing impact upon the occupiers of neighbouring dwellings. This is due to its modest form, and the aspect of the application site. The proposed development does not conflict with the 45 degree rule. Additionally it is noted that the existing conservatory will be removed in order to make way for this addition to the house which will have a lower roof height and less height on the boundary. With regard to potential for loss of privacy, the extension does not result in a loss of privacy due to its single storey nature with less views than currently available from the conservatory.

The application is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The development accords with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1

of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
