Dear Ross,

I have concerns that should the condition be changed as the applicant has requested, that the local residents in the surrounding roads (in particular Clun Road) may be unreasonably disturbed by noise from vehicles using the site. This would be particularly relevant in the early morning and late evening when the background noise is lower.

Therefore I would request that the condition only be changed if there is a restriction put on the route that the vehicles are allowed to take to enter and leave the site. The condition should state that vehicles are only allowed to enter and leave the site via the industrial estate and subsequent access to the A259, and not Clun Road.

Regards

Fiona
