Estimate No. 7227M

E S T I M A T E

RE:- LITTLEHAMPTON SKATEPARK - OPTION 2 - 40M X 8M

Further to your recent enquiry, we take pleasure in submitting our estimate as follows:-

To supply and erect 4 No. 8 metre high BEI Ltd rootmounted tubular steel static floodlighting columns.

To supply and install 4 No. 295 watt Philips ClearFlood BVP650 LED floodlight luminaires complete with internal drivers.

The proposed installation will achieve an average maintained horizontal illuminance of 201 lux with a min/ave. uniformity factor of 0.81 and a min/max uniformity factor of 0.64.

The installation will consist of the excavation of 4 No. column foundation holes in accordance with BEI Limited specification; cable laying around the outer perimeter of the skate park area and back to a suitable 10 amp single phase power supply within 10 metres of the Skatepark area. At this point all associated mains distribution equipment will be installed to allow the switching on/off of the floodlight installation to come via photo cell and time clock operation.

To test out and supply commissioning reports on completion of works.

Estimated cost: -

The total installed power for the proposed installation is 1.18 kilo watts.

N. B. No allowance has been made in the above estimate for the supply and installation of a suitably sized distribution switch pillar should this be required to house metering equipment and distribution board.

All works carried out in accordance with NICE IC regulations.

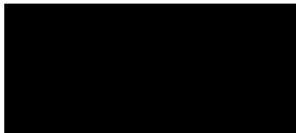

All works carried out in accordance with current Health & Safety regulations.

Insurance details, Health & Safety Policy and Method Statement will be available should we be successful in our quotation.

We trust the enclosed is of interest but please do not hesitate to contact us should you require any further information or assistance.

Assuring you of our best care and attention at all times.

Yours faithfully
