CONCLUSIONS

PRINCIPLE

The application site is located within the built up area boundary, where the principle of development is acceptable subject to accordance with the relevant development plan policies, as stated in SD SP2 of the Arun Local Plan. In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, Policies 1 and 2 of the Littlehampton Neighbourhood Development Plan.

Policy SD SP2 of the Arun Local Plan states that development should be focused within the Built Up Area Boundary, and will be permitted subject to consideration against other policies in the Local Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy 1 of the Littlehampton Neighbourhood Development Plan states that permission should be granted where applications accord with the relevant policies in the Neighbourhood Plan. It goes on to set circumstances where an applications conflict with Policy 1 would be acceptable.

Policy 2 of the Littlehampton Neighbourhood Development Plan seeks to focus development within the building up area boundary.

DESIGN AND VISUAL AMENITY

Due to the siting of the host dwelling, the proposed development will be visible within the street scene. Although whilst significant in its scale, the proposed development is considered to allow the proposal to retain its appearance as a two storey semi-detached house and space around the dwelling and thereby not resulting in an overdevelopment of the site. The development would appear in character with the street scene and surrounding environment owing to the design and scale of the proposal which as stated above, is considered to maintain the character of this dwelling as a large semi-detached single family dwelling. Resultantly, the proposed development is considered to be in accordance with D DM1 of the Arun Local Plan.

Whilst it is noted that due to the scale of the development the proposal is not subservient to the host dwelling, it is considered that resultant of its design, it appears well integrated and sympathetic in appearance in relation to the residential plot. Therefore, whilst it is noted that the proposal conflict with D

DM4(b), it is in accordance with D DM4(a) and D DM1(2).

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to have an unacceptably harmful overshadowing or overbearing impact on occupiers of adjacent dwellings. This is predominantly as a result of its setting and aspect on the host dwelling, as it would allow for a distance of 7.58m between the host dwelling and its neighbour to the North West. Additionally, the adjacent dwelling features no windows on its South Eastern elevation, which allows there to be no significant loss of light to this dwelling.

Resultantly, the proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan, in that it has no significantly harmful impact on the residential amenities of the occupiers of adjacent dwellings.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans:

- Existing & Proposed location and site plan, Existing & Proposed Floor plans and elevations -
M/1547/1 - Rev. A - March 2018

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.

- 3 The materials and finishes of the external walls and roof of the dwelling hereby permitted shall match in colour and texture those of the existing dwelling.

Reason: In the interests of amenity in accordance with policies D DM1 and D DM4 of the Arun Local Plan.

- 4 INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
