BIN AND COLLECTION STATEMENT

The Old Dairy. Church Road. Littlehampton. Sussex
Proposed Residential Development

- 1.01 The Planning Statement refers to waste bin storage to be provided for all dwellings .
- 1.02 Each of the new dwellings will have space for two 240 litre bins which will be positioned within the maximum 50 metres from the extended access road. The bins will be located behind or beside houses from where they can be brought to the side of the access roadway on collection days. In one case where no rear access is possible, a bin store is proposed adjoining the front bay projection where indicated on the site layout plan.
