Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: LU/13/22/PL
Site Address: Pharos Quay River Road Littlehampton BN17 5BF
Description of works: Alterations to fenestration and openings. (This application may affect the character and appearance of the Littlehampton (River Road) Conservation Area and a Listed Building).

Thank you for your internet representation made on 4th February 2022 which has been recorded as support with the comments as follows:

OWPC44035

I fully support these alterations. Being the owner of the property we have to live with the current poor insulated wooden windows, we as residents are constantly wasting energy and losing heat through the poor quality original glazed woods windows. UPVC will save energy and be in line with government policy of encouraging home owners to saving energy and lower fuel bills which are extortionate currently and set to increase. .

The design is a like for like replacement and will in no way change the look or character of the building nor of that in the surrounding conservation area. The alterations will be as suitable as the new build windows and doors opposite Pharos Quay which one may say are not in line with the character of the conservation area.

All alterations will improve the energy efficient and reduce maintenance cost of the properties and enhance the frontage onto River Road.

I fully support these alterations

Your views as made above will be considered before the application is determined.
