Dear Mr Wood,

Please find enclosed changes as requested from your letter dated the 4th May.

We have changed our original application for 15 extra parking spaces to 10 extra parking spaces.

In regards to question 18, I could see know where for us to put the external measurements re extra parking spaces. The extra 10 spaces we require measure 111.48 square metres. I have written the sizes in question 18 I hope this is correct.

Yours sincerely
