Dear Sir/Madam

TWO STOREY SIDE EXTENSION AND DETACHED TWO STOREY BUILDING TO NORTH OF EXISTING HOUSE TO CREATE 4 NO 3-BED DWELLINGS. WELLESLEY COURT FITZALAN ROAD LITTLEHAMPTON BN17 5JW

Thank you for consulting the Environment Agency on the above application.

We have reviewed the information as submitted and set out our position below.

Environment Agency Position

In the absence of an acceptable flood risk assessment (FRA) we **object** to this application and recommend that planning permission is refused.

Reason(s)

The submitted FRA does not comply with the requirements for site-specific flood risk assessments, as set out in paragraphs 30 to 32 of the Flood Risk and Coastal Change section of the planning practice guidance. The FRA does not therefore adequately assess the flood risks posed by the development. In particular, the FRA fails to:

- Consider how undefended tidal flooding will affect people and property
- Provide a comparison of undefended tidal levels to finished floor levels through which to consider flood risk to occupants
- Assess the impact of climate change using appropriate higher central and upper end allowances, see: 'Flood risk assessments: climate change allowances'

Overcoming our objection

To overcome our objection, the applicant should submit a revised FRA which addresses the points highlighted above.

If this cannot be achieved, we are likely to maintain our objection. Please re-consult us on any revised FRA submitted and we'll respond within 21 days of receiving it.
