Good morning

Thank you for your email.

Yes, they can be sent via SharePoint or WeTransfer. Once you have submitted the application via the portal you will receive a reference number, please quote the reference number when emailing (either the portal one or the application reference).

It's also helpful to state on the application form that further details will be emailed through so that we can look out for it and match it up.

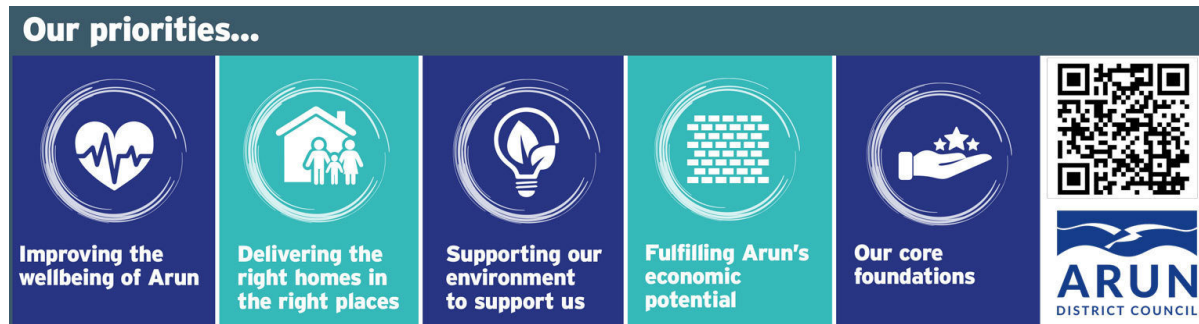

Kind regards

Dear Sir/Madam,

I am emailing regarding a discharge of conditions application that we are currently preparing for submission.

The application includes a Verification Report with a large number of appendices (approximately 400+ documents). Given the volume of files, we wanted to ask whether it would be acceptable to provide the appendices via a SharePoint link to assist with your review.

We will still submit what we can via the Planning Portal, but for the larger supporting files, would submission via a SharePoint link be acceptable?

We would appreciate confirmation on whether this approach is possible, as we are keen to submit as soon as possible.

Thank you for your help.

Kind Regards,
Ella
