Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: LU/149/20/PL
Site Address: Littlehampton Wave Sea Road Littlehampton BN16 2NA
Description of works: Installation of a 4m high timber sculpture shaped in the form of 3 No. waves, fixed to a concrete base. This application is not CIL Liable (Zero Rated) as 'all other development'.

Thank you for your internet representation made on 22nd July 2020 which has been recorded as an objection with the comments as follows:

OWPC28573

Further comment Interesting to see the Town Council has no objection even though they all thought the concrete plinth a monstrosity. They were told it was all part of the original plans for the Wave when permitted. Not true, I've just checked the statements on Design & Access and landscaping and no mention of it whatsoever. They were told it's already been built. For a Council that asks developers to consult the public at the very first stage of an idea well before submitting an application, why are they setting such a poor example by having done NO public consultation whatsoever for a piece of public art in the most prominent of public places. It's possible if they had they might have come up with something the community could be proud of, using the timber, rather than this. Possibly the cost of it was covered in the overall cost envelope of the centre. Disappointed at the Town Councils acquiescence.

Your views as made above will be considered before the application is determined.
