Response to Planning Application

From: Arun District Council Greenspace

Date: 30 July 2020

Application ref: LU/149/20/PL

Description: Installation of a 4m high timber sculpture shaped in the form of 3 No. waves, fixed to a concrete base. This application is not CIL Liable (Zero Rated).

Location: Littlehampton Wave Sea Road Littlehampton BN16 2NA

Determining Authority: Arun DC

Summary recommendation: I would recommend support of the proposals.

Comments

Relevant landscape designations:

The site is a prominent seafront location, Sea Road Littlehampton.

There are no physical, visual, historical or cultural links, protected landscapes, scheduled ancient monuments, listed buildings, conservation area or Historic Parks or Gardens associated with this site.

Response

The proposal here is for an artwork totem sculpture to identify the location of the recently completed Littlehampton Wave Leisure Centre.

Refreshing to see artwork used in the landscape instead of signage which will give an instant visual representation aid to passers-by. The proposals need to be at such a scale due to the openness of the location and in order for it to provide a meaningful statement in this setting.

Good sustainable and ethical material choice, having been salvaged from the previous pool building, interesting form, clever association and link between the seascape and the associated building.

Impact

There would be no perceived detrimental impact of the proposals in this location, providing public art, a good visual link and use in wayfinding. The slab base work will be blended into the existing landscape with additional extension grass species planting to the existing scheme.

Mitigation/requirements

Further landscape provision of grasses and coast tolerant species to mirror the existing scheme to be incorporated in the immediate surrounds of the slab base work. No further landscape mitigation required.

Recommendation/Conclusion

I would recommend support of the proposals, subject to the incorporation of the base work mitigation planting above.
