Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: LU/151/21/PL
Site Address: 25 River Road Littlehampton BN17 5BZ
Description of works: Demolition of existing car garage and the erection of 2 no. two-storey residential buildings comprising 5 no. flats with associated works. This site affects the character & appearance of the Littlehampton River Road Conservation Area & is in CIL Zone 4 (Zero Rated) as flats.

Thank you for your internet representation made on 3rd June 2021 which has been recorded as an objection with the comments as follows:

OWPC37074

This is a particularly unimaginative and bland application to fill this prominent site in the River Road Conservation Area.

The introduction of garage parking on the River Road frontage will be an inappropriate and negative feature in what is a small, domestic scale street scene in this part of the road.
It would be better if the design allowed for parking on the Terminus Place part of the site.

The block of three flats on the Terminus Place frontage is too big and overbearing. There will be a negative effect on all the surrounding buildings, particularly on the small houses on the opposite side of the road.

It is considered that the proposals conflict with the relevant paragraphs of the NPPF and policies contained in the ADLP relating to the protection of conservation areas.

Your views as made above will be considered before the application is determined.
