Dear Michael,

Having liaised with colleagues about the changes to the surface water drainage (SWD) provision for the proposed Fitzalan Link Road, I can confirm that the plans now submitted alongside the proposal accord with those being checked as part of the Section 38/278 process and as such, are acceptable to the Highway Authority. Please would you ensure that any permission granted references the correct plans and that the SWD provision is to be constructed in accordance with them.

Please take this as the formal response to the planning application.

Thank you.

Tim
