DATE:	7 July 2022
LOCATION:	Land at junction of Hollyhock Way and Worthing Road Littlehampton BN17 6SH
SUBJECT:	LU/154/22/TEL Prior Notification under Schedule 2 Part 16 Class A for a proposed 5G telecoms installation: H3G Phase 8 high street pole c/w wrap-around cabinet: and 3 further additional equipment cabinets.
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	Advice
S106 CONTRIBUTION TOTAL:	n/a

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

I refer to your consultation in respect of the above planning application and would provide the following comments.

This Prior Approval is for installation of a a proposed 5G telecoms installation: H3G Phase 8 high street pole c/w wrap-around cabinet: and 3 further additional equipment cabinets. The cabinet equipment will be situated on Worthing Road (B-class road) close to the junction with Hollyhock Way (unclassified road) both subject to 30mph speed limit.

The proposed cabinets and pole are all located within highway boundary and not anticipated to obstruct visibility for vehicles travelling along the Worthing Road. At present there is bus shelter and other street furniture in close proximity.

The proposed equipment will be located on verge that has a footway. This proposal is not anticipated to result in an obstruction to any pedestrians who may be utilising or be seeking refuge within the existing footway.

The statutory undertaker will need to submit the necessary notification to the Highway Authority independently and any traffic management will need to be agreed with WSCC Highways prior to works taking place. Their contact details are included below.

Conclusion

The LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 111), and that there are no transport grounds to resist the proposal.

If the LPA are minded to approve this application, the following informative is advised.

Informative

The Local Highways Authority (LHA) advises the applicant that in addition to obtaining planning permission that they must also obtain formal approval from the highway authority to carry out the proposed works on the highway, please call [REDACTED]
