Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (General Permitted Development) Order 2015 Schedule 2, Part 16

Application No: LU/154/22/TEL
Site Address: Land at junction of Hollyhock Way and Worthing Road Littlehampton BN17 6SH
Description of works: Prior Notification under Schedule 2 Part 16 Class A for a proposed 5G telecoms installation: H3G Phase 8 high street pole c/w wrap-around cabinet: and 3 further additional equipment cabinets.

Thank you for your internet representation made on 16th July 2022 which has been recorded as an objection with the comments as follows:

Good afternoon,

I'd like to share my concern regarding the proposed site for a 5g tower and cabinet installation, I am 110% against this proposal as I for one have two very young children and this tower would be located directly behind my property, it raises a large concern to me and my wife as a parents regarding the health and safety and how this could affect my children as well as me and my wife. The disruption of this tower being installed is also something I do not welcome as we have young families within the close that have babies, another point to add is the look of the towers we have a beautiful back drop of trees in our garden and this would ruin the look which will cause me and my wife a great deal of unhappiness not to mention the effect and impact it will have on the wildlife here, I also do not agree with the fact this will impact the value or resale of my home and as full time workers we work hard like the majority of people to have nice things and hopefully pass these things down to our children however if this installation was to go ahead it will devalue my property again leading to unhappiness which in turn will be damaging to our mental health.

Sorry to rant but this is a major concern and I'm not happy about this proposal, why can't this tower be located in an area where it is not within 30-40m of property.

Many thanks
