Please find below my previous comment on this application;

Environmental Health makes the following comment;

The proposed remedial works in the report by RSK Group, Remediation Strategy Ref:23561L02/arj dated 18 May 2011 is satisfactory to pass Condition 4 of LU/63/10.

Please note that Environmental Health requested contamination related Conditions on LU/123/11 (reserved matters) after contamination was discovered. I anticipate receiving the proposed validation report to comply with Conditions on LU/123/11.

thanks
