Engineers comments:

The agent has not addressed a majority of my previous comments and therefore I am unable to comment further until all the necessary information is received.

Paul,

I refer to previous correspondence in respect of the above. I received further details from the agents dated 17-10-2011 relating to results for surface water drainage at each of the test points on site. Southern Water are recommending discharge of the condition. I reconsulted you on 02-09-2011 and would appreciate a response as soon as possible. I am being chased by the agent

Regards
Anita
