Dear Madam,

12th February 2013

**Application for renewal of unimplemented planning permission
following outline application LU/363/09 for 1 no. 3 Bedroom
dwelling at 44 North Street, Wick, Littlehampton, BN17 6JH**

Thank you for your letter dated the 1st of the month regarding unresolved matters and dealing first with the requirement for the submission of an Affordable Housing Statement. As this development is on the basis of a single dwelling we will not be providing social housing and I understand it should follow that the 'Statement' is not necessary. The Unilateral Undertaking related to the Affordable Housing Contribution is enclose duly signed and witnessed together with a cheque for £200.00.

On the question of Proof of Ownership and Land Registry Plans etc. you will see from the information I have added to the Front Page of the Unilateral Undertaking that the owner is 'the freehold owner under an unregistered title'. The owner and I have discussed how this should be dealt with at a meeting with Mr Delwyn Jones and acted on his advice.

Yours sincerely,
