20th February 2017

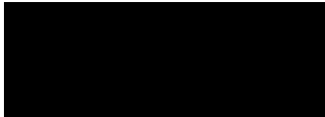

Dear Brittany,

RE. Arboricultural Survey – Land at Toddington Lane, Toddington, West Sussex.

I am writing to confirm that a visit of the above site was undertaken by Adam Earl BSc(Hons) MCIEEM on the 17th January 2017. During the site visit it was noted that there were no trees located within the site boundary and those third party trees located to the south and northwest of the site are of sufficient distance from the boundary so not to impose any above or below ground constraints. Photographs 1 and 2 were taken from the southeast of the site facing north, looking towards the area shown to support trees on the topographical survey dated 2006.

If you have any queries regarding the above please don't hesitate to contact me.

Yours sincerely

Adam Earl
BSc(Hons) MCIEEM
Arboriculturalist

Chapter House, Priesthawes Farm
Hailsham Road, Polegate,
East Sussex. BN26 6QU.
