Good afternoon,

In relation to the above application, please may EH comment with the following suggested conditions:

- No demolition/construction activities shall take place other than from 08.00 hours until 18.00 hours (Monday to Friday) and from 08.00 hours until 13.00 hours (Saturday) with no noisy work on Sunday or Bank/Public Holidays. **Reason:** To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031.
- No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters:
 - a) An indicative programme for carrying out of the works;
 - b) Details of the arrangements for public engagement / consultation both prior to and continued liaison during the construction works;
 - c) Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method of piling for foundations, the careful selection of plant and machinery and use of noise mitigation barrier(s);

- d) Details of any floodlighting, including location, height, type and direction of light sources and intensity of illumination;
- e) The parking of vehicles of site operatives and visitors;
- f) Loading and unloading of plant and materials, including permitted times for deliveries;
- g) Storage of plant and materials used in constructing the development;
- h) The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- i) The provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulations Orders);
- j) Measures to control the emission of dust and dirt during construction;
- k) A scheme for recycling / disposing of waste resulting from demolition and construction works i.e. no burning permitted.

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031.

- No external lighting shall be installed until details have been submitted to and approved in writing by the Local Planning Authority prior to commencement of the development. This submission shall include a layout plan with beam orientation and a schedule of light equipment proposed (luminaire type, mounting height, aiming angles and luminaire profiles). The approved scheme shall be installed, fully assessed by a competent individual when operational to ensure no light creep/bleed, maintained and operated in accordance with the approved details unless the Local Planning Authority gives its written consent to the variation. **Reason:** To protect the appearance of the area/the environment and wildlife/local residents from light pollution.

With regard to the proposed internal layout of the building, there are concerns regarding noise propagation between the units, specifically between:

1. the bedroom of Unit One and the overlying kitchen/living space of Unit 4;
2. the kitchen of Unit Two and the overlying bedroom with *en suite* of Unit 4.

It is therefore recommended that the following condition be applied:

- Prior to the commencement of the development hereby approved, a scheme to demonstrate that the internal noise levels within the residential units will conform to the 'Indoor ambient noise levels for dwellings' guideline values specified within Table 4 under section 7.7.2 of BS 8233:2014 and shall be complied by a competent acoustician on sound insulation and noise reduction for buildings and shall be submitted to and approved in writing by the Local Planning Authority. The scheme should take into account the correct number of air changes required for noise affected rooms. The works specified in the approved scheme shall then be carried out in accordance with the approved details prior to occupation of the premises and be retained thereafter. **Reason:** To protect the amenity of local residents in accordance with Policy QE DM1 of the Adopted Arun Local Plan 2011 – 2031.

In addition to the above, please may the applicant confirm whether there is any facility for allocated parking associated with this property/development and if so, what provision for electric vehicle charging point(s) has been made.

I understand that my colleague from the Private Sector Housing team may provide additional comments under separate cover.

Many thanks,

Kate.
