Maintenance and Planting

All hedgerows shall be maintained to agreed heights to provide robust and defensible boundaries.

New Hedgerow planting
Hedge species shall be allowed to reach a height of approximately 1.5m over the first 2 years after which they shall be pruned back 0.45cm to encourage lateral growth.

Thereafter hedgerows shall be maintained by pruning to a height of 1-1.5m undertaken annually to contain and shape hedges. All hedges shall be faced off as required.

Provisional
Checks shall be undertaken annually to ensure that any gaps that appear due to failure of plants shall be replanted to same species, size and density.

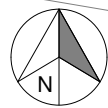

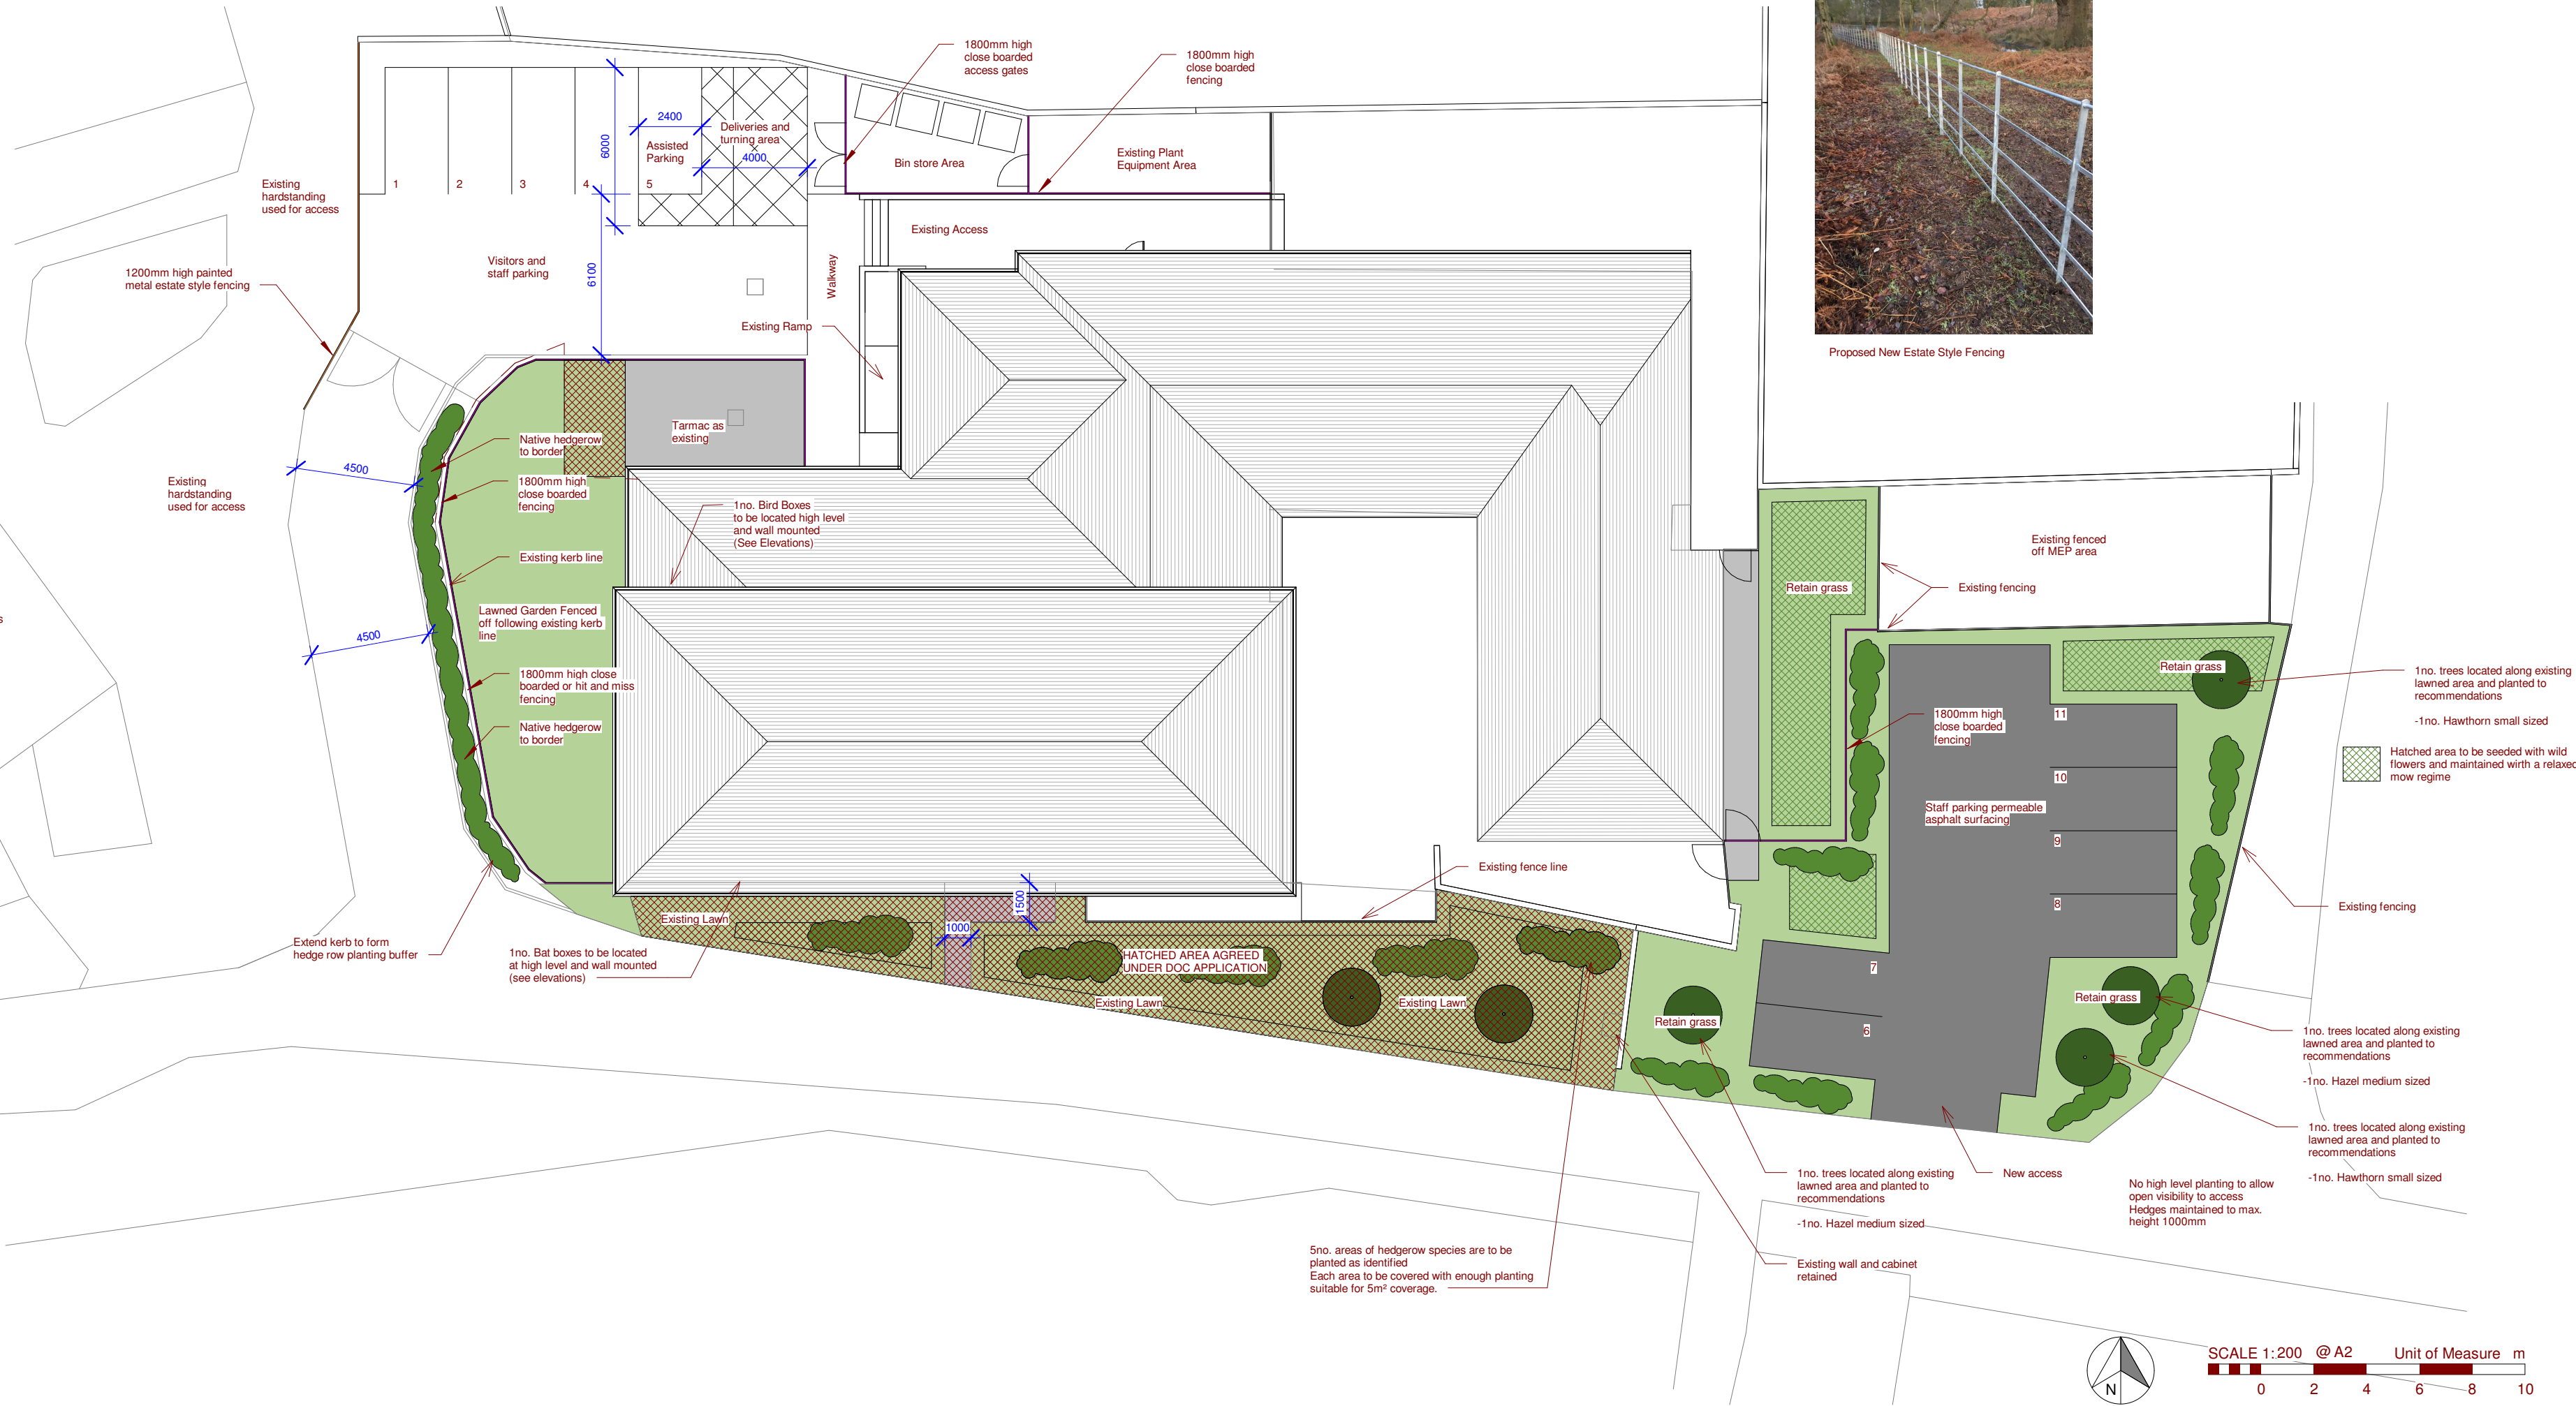

Allow for 10% of total numbers.

Hedgerow Planting

Notch plant at 3no. per linear metre adjacent to existing building.
