Damian,

I have no emergency planning concerns for the subject development since the EA's initial concerns have been met and the Flood Plan below indicates that escape is probably possible going north of the proposed site.

Regards, Guy

Morning Guy,

Please find attached EA response. I await any additional comments you may have.

Many thanks,

Damian.

Damien,

I'm having no luck finding any documents about the subject planning application.

Please send me the EA's comments.

Otherwise Church St is no more at risk than other buildings in the road and an escape route exists going north along the B2187.

Without seeing EA's document I can see no objection from emergency planning.

Regards, Guy
