Hi Anita,

Apologies for the slow response, I have just returned from annual leave.

This should be fine, given the centre closes at 10pm.

Many thanks,

Millie

Hi Millie,

I was concerned by the suggested 12.30am switch off time and contacted environmental health for their comment. As you can see below 11pm is suggested as an acceptable alternative. Can you please advise if you are agreeable to this change in lighting time?

Regards

Anita Gardner

Hi Anita,

Yes 12.30am I would consider as too late. I would recommend 11pm as a more suitable time for the lighting.

Regards

Fiona

Hi Fiona,

Please see confirmation from the agent re lighting times. Can you let me know if this will be acceptable? 12.30am every day seems late to me.

Regards

Anita

Hi Anita,

In the summer months the lights will be turned on at 6.30pm and go off at 12.30am via a time clock. In the winter months the lights will be turned on at 4.30pm and go off at 12.30am.

Please let me know if you need any further information.

Many thanks,

Millie

Hi Millie,

Please see environmental health officer's response.

Please can you confirm when the lighting will be on/off?

Thanks

Anita

Hi Anita,

Could you confirm with the applicant whether there are any times that they plan for the lighting to be on/off? 50 Lux within the service yard would be high if it was on all the time.

Thanks

Fiona

Hi Fiona,

The last e-mail I had from you regarding compliance with conditions 10 and 15, dated 01-08-2017, referred to you responding in due course in relation to condition 15 and I can find no subsequent response to date. Are you able to advise if the submitted details are satisfactory?

Regards

Anita Gardner
