Dear Anita Gardner
We live in Emmabrook Court, Sea Road, Rustington and our lounge faces west.
When the old Leisure Centre is demolished we will have a direct view to the
Unightly Southern Water Treatment Works building.

Please may I request that when the old leisure centre is demolished the landscaping
Plan to replace it includes tree cover next to the existing large conifer so as to exclude
This building from our view.

Thanks in anticipation

Michael Potter

PS Well done re the replacement 'Wave' – it looks lovely
