

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: RE: Phase 2B - Hampton Park (LU/178/20/RES)

Hi Michael

Thanks for the email. It isn't that straightforward.

The problem we have at Littlehampton is a finite capacity for electricity on the site which as you know is coming via a new connect from the town centre and along the bypass.

We already have issues (because of capacity) supplying the site including the commercial units as we don't know what is going there. The extra demand is above and beyond the capacity available.

Our position is that are unable to provide EV charging points on this phase because of capacity and infrastructure constraints overall.

Kind Regards

Rob

Hi Rob,

Please could you re-consider including Electric Vehicle (EV) Charging Points in Phase 2B at Hampton Park (LU/178/20/RES).

Kind regards,

Michael
