POST 1/6.

ARUN DISTRICT COUNCIL
6 - AUG 2012
RECEIVED

Mrs A Taylor
20 The Poplars
Littlehampton
West Sussex
BN17 6QZ

Ref: LU/182/12

31st July 2012

Dear Mr Cleveland

Further to our telephone conversation this afternoon, as requested, I am putting in writing my strong opposition to the Hargreaves building application for 7 more houses and garages on an already over-developed site.

As previously stated when their last application was refused, the roads are inadequate for the number of cars and traffic that is already using the site. They are too narrow and seriously lacking in parking. When deliveries are being made or removals are happening it is impossible to pass. I dread to think of the consequences if emergency vehicles needed access.

We were not informed when making an interest in the property or by our solicitor, which I'm sure should have been highlighted as a major concern, about the sewage status of this development which is inadequate and over-stretched as it is and has caused problems in the past and is a constant worry to all living here.

I sincerely hope the views and well being of people actually living here are the sole concern of the council.

I would like to take this opportunity to thank you for your time and consideration.

P.T.O.

Yours sincerely

[redacted]
