Neil,

Many thanks for the reply. I agree with the suggested date of 22nd April and will provide you with the amendments for next week. Will review the bus stops and other triggers and will provisionally pencil in the 11th March.

David,

I sent Caroline about getting agreement to an extension of time but she has not replied. We need to agree these before any decision can be taken. This also applies to the B3/B5 access application. I'd suggest agreement up to 22 April 2016 as we will be able to determine both application (one way or the other) by then.

I am happy to wait until the end of next week but, if a revision isn't submitted by 4 March, I will have to refuse the application as this has been with us way too long with no progress. Also, can you please agree to the suggested bus stops trigger from WSCC as we do not consider your proposed trigger acceptable?

Last I heard (which was nearly 9 months ago now) we had not reached agreement on triggers and many of those proposed in the DOV were not acceptable.

I'd suggest a meeting for a catch up on 11 March when we know what is happening with the above applications.

Regards, Neil
