Hi Pierre,

In reference to the above application, Anita Gardener has passed the file onto me as the new case officer so I wanted to touch base and understand your clients expectation with the application. I understand that Pre application advise was not pursued for the current proposal and you have not had much dialogue with Anita on the proposal?

I am mindful that the decision date is getting close 16th October and I will have to conduct a full assessment to understand the prevailing character of existing building relationship and those developments that have been permitted yet have not yet been implemented in the nearby area.

I request an initial EOT to the 31st October to enable this with your agreement and trust you would rather receive an initial feeling from us on the current proposal before progressing to decision.

Best regards
