Subject: Objection to Planning Permission - LU/182/20/HH

Dear Arun District Council,

[REDACTED]

LU/182/20/HH, 11 Genoa Close, Littlehampton.

[REDACTED] our
objection is on the grounds of the following:

- The extension will significantly reduce the sunlight on our property, which is already very limited.
- The immediate housing area is already very compact, and the extension will further contribute to this due to its extremely close proximity to my property and those of others.
- The extension will cause us to lose a significant amount of our privacy due to its location and size.

Kind regards,
