Hi Mark,
You will need to provide a new revised Proposed Fencing Elevation.
Regards
Anita

Hi Anita,

The elevation will look the same, there is a slight difference in the gauge of the wire from 6/8mm to 5mm.

The detail at the top is slightly different also as per the attachment I sent over.

The fencing will still be black to match existing.

Will this be okay?

Kind Regards,

Hi Mark,

Please can you confirm what information this detail supersedes? Is it just the Jackson Fine Fencing Detail or is it also the Proposed Fencing Elevation? If so I will need another revised elevation. I would also appreciate confirmation of the colour. Is it proposed to be black to match existing?

Regards

Anita

Hi Anita,

The proposed fencing has changed ever so slightly but I thought I would forward it to you incase you had any comments.

Please find attached the fencing to be installed (it is the same height and will be in the same location).

Please let me know if you have any issues with the revised fencing.

Many thanks.

Hi Anita,

I hope you are well.

I am writing to you today regarding the above planning application.

Unfortunately we need to complete the works during the summer holidays and the fencing has a 6 week lead in.

We therefore need to place an order at risk and start the works before we receive the decision on 23rd August.

To the best of your knowledge do you think there will be any issues with the application and works proposed?

If you have any queries or require anymore information please do not hesitate to contact me.
