Subject: Lu/184/18/HH

Dear Mr Denton

I email regarding case number LU/184/19/HH for 14 Esher Drive, Littlehampton and the retrospective planning for the single storey detached outbuilding for use as a gym/studio.

I am the owner of 29 The Winter Knoll and as you can see my property is very close to this outbuilding. The outbuilding is rather large with 3 skylights and two doors facing my property and I feel the roof height is excessive.

I am seeking clarification that the studio/gym is used only for personal use and would like reassurance that group exercise classes with loud music are not intended. My main concern is the size of the outbuilding and the echo effect of any sound of loud thumping music, I purchase this property as it is situated in a quiet area and would be unhappy if this was to change.

Yours sincerely

Mrs Kazmarski
