Dear Zac,

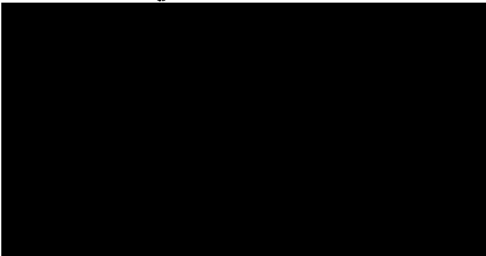

I have been trying to reach you over the last couple of weeks to discuss this application, but have been unable to. I see from the application details online that a few representations have been made by some of the neighbours; I would be grateful for your thoughts on these, and also your thoughts on the merits of the application.

I feel that I ought to counter some of the points raised in the representations as some are inaccurate, misleading or irrelevant, but I would like to speak to you before I do so.

Many thanks,

Kenny.
