Subject: LU/184/21/DOC

Dear Michael,

I refer to my email dated 15th July 2021 regarding the above reference.

EH was consulted on the application to discharge condition 33 (Land Contamination) of planning consent LU/47/11. I have now reviewed the supplementary ground investigation report and consider this report to have addressed the matter raised in my consultation response provided for this condition. However, I recommend that condition 33 be partially discharged at this stage pending the submission of the options appraisal/remediation strategy and verification plan as required by that condition.

Once we have received further details as requested, we will provide additional comments regarding any application to discharge the condition in full.

I hope this helps.

Kind Regards

Chima Umunnakwe

Due to the current pandemic, work is being prioritised according to public safety risks and you may not receive an immediate response to your email. Wherever possible we will endeavour to respond within 7 working days.

The Environmental Health Team in particular are focused on supporting COVID-19 compliance, and other services may be limited or delayed. Further details of our current service levels can be found at: <https://www.arun.gov.uk/service-status>

If you are making contact for advice or to register a new request for service, including enquiries about COVID-19, food safety, noise or pollution, you can register these directly on-line at <https://eh.arun.gov.uk/>
