Please upload onto Ocella the email below which is a **holding letter** from **ICOSA** to discharge of condition application **LU/184/21/DOC** for Phase 2B at Hampton Park.

Thanks,

Michael

Michael,

Further to your email I can confirm that Icosa Water received the foul water design in late September and are in the process of reviewing the documents issued under the S104 application. The design will be assessed for compliance with the SSG Design & Construction Guidelines.

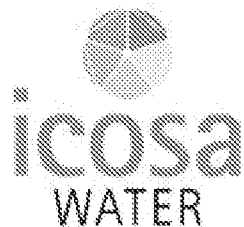

We expect to issue Technical Approval within the coming weeks and we can update you when that happens.

Regards

David Palmer IEng CEnv MCIWEM
