ACTION

Dear Sir,

LU/186/18/TC

I am writing, in regard to the above application, to oppose the felling of the oak tree in Selborne Road, it is a mature oak and has been there a long time. It was probably there when Selborne Road was a lane into the Duke of Norfolk's Beach Estate.

It was certainly there before the garages were built and the shops before them. I am given to believe that the Woodland Trust have a national reservation order on Oak trees because of their scarcity.

I hope that a mature oak with history will not be sacrificed on the altar of convenience of garage entry.

Yours faithfully,
