Subject: DEADLINE FOR OBJECTION FELLING OF OAK TREE IN SELBOURNE ROAD
LITTLEHAMPTON IS: 23RD OF AUGUST 2018

9 The Haven
Littlehampton
BN17 6NS
22.08.2018

THE PLANNING OFFICER: REF: LU/186/18/TC

It has recently come to my attention that the one remaining tree, an English oak, in Selbourne Road Littlehampton is destined to be felled, due to the roots encroaching a garage situated nearby & disease.

In the event of a human being becoming ill, all measures would be taken to preserve life. In the case of this majestic English oak, I would like to think the same approach would be taken. It would benefit tremendously from ivy being cut at ground level, removal of dead wood preventing disease and the risk of falling debris and crown reduction to slow down the growth.

I fail to understand how the garage in question was granted planning permission so near the oak tree... or was it?

Yours sincerely

Christine Elson
