ARUN DISTRICT COUNCIL TECHNICAL SUPPORT
20 AUG 2018
ACTION...

To whom it may concern:

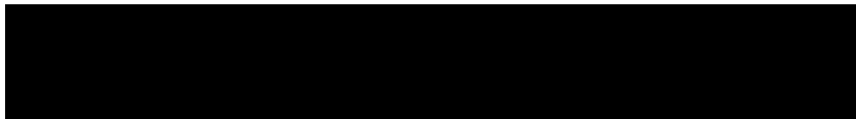

Reference: Oak tree - Selborne Rd.

I am writing to object to the felling of the oak tree in Selborne Rd.

My objections are as follows:

- 1) The tree is the last of a row of trees to the Beach Estate as is therefore of historic interest to the town. It should therefore be granted a tree preservation order.
- 2) According to research by the Woodland Trust oak trees are in decline. Therefore, we need to protect them for future generations.
- 3) Trees are a valuable source for our fight against climate change. We need them to prevent flooding, a major concern in this town and to absorb carbon dioxide. Trees should be preserved not felled.

I sincerely hope that you regard my objections seriously and rescind your agreement to fell the oak tree.

Mrs C E MacDonald
