Subject: Planning Application - LU/186/18/TC - Fell 1 Oak Tree at 15A Western Road, Littlehampton

Dear Miss Burrows

Regarding the above planning application to fell one oak tree at 15A Western Road, Littlehampton, may I please object on the grounds that the tree provides welcome shade and delight to passersby. It is the only remaining tree in the neighbourhood and is complemented by a narrow garden planted along an alley. It is respite to the eye and the street is enhanced by its presence.

We need to keep our grown trees, especially this one, as we need more green breathing areas in our town. I understand the application is to fell it as it is too near a garage. May I suggest that we need trees and not garages?

Please put a Tree Preservation Order on this oak tree. And many thanks for reading and considering this email.

Yours sincerely

Cheryl Hutchins
a resident of Littlehampton (in Queen Street - a street without trees).
