The General Permitted Development Order, Part 1 of Schedule 2 (Class A) specifies that development should not begin before the occurrence of one of the following:-

- the receipt by the developer from the local planning authority of a written notice of their determination

that prior approval is not required to carry out the development in accordance with the details submitted;

Unless the local planning authority and developer agree otherwise in writing.

I must advise you that if development has begun or begins before any of the above occurs then it will not be possible to make a determination and a planning application will be required for the development.

If no objection is raised by the local authority the development must comply with all other sections contained in Class A of the above Order.

Arun District Council has received application: LU/186/20/PDH for Notification under extended permitted development rights for a parapet roof single storey rear extension to replace existing conservatory measuring 6m from beyond the rear wall of the original dwelling house, with maximum height of 3.20m and eaves height of 2.90m

Further details of the proposal can be viewed on line by rearching by the application reference number at: www.arun.gov.uk/weekly-lists.

Arun District Council as the Local Planning Authority, is only able to assess the impact of this proposed development on the amenity of adjoining premises where any owner or occupier of any adjoining premises objects. If no objection is received the Council must notify the applicant that prior approval is not required and the applicant can proceed with the works under this section of legislation providing the development complies with all other sections contained in Class A of the above Order.
