CONCLUSIONS

PRINCIPLE

In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, Policies 1 and 2 of the Littlehampton Neighbourhood Development Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy 1 of the Littlehampton Neighbourhood Development Plan states that permission should be granted where applications accord with the relevant policies in the Neighbourhood Plan. It goes on to set out circumstances where an applications conflict with Policy 1 would be acceptable.

Policy 2 of the Littlehampton Neighbourhood Development Plan seeks to focus development within the built up area boundary.

DESIGN AND VISUAL AMENITY

The porch extension is marginally beyond permitted development rights and is considered to be a modest sized development especially when taken into account that it only project forward 1.1 metres from the primary front elevation as it is located in a recess. The design of the porch would match the design of the house in terms of style and materials and is therefore considered acceptable. It is also the case that there are other projecting porches in the immediate locality.

The proposed development is considered to be in accordance with D DM1 and D DM4 of the Arun Local Plan,

RESIDENTIAL AMENITY

The porch would be ground floor only and would not cause a loss of light, overbearing impact or loss of privacy to neighbouring properties

The proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1

of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
