Comment from Greenspace

The landscape plan BNL.0638-06-A Revision A submitted under application LU/197/15/DOC does not adequately detail proposed planting. The detail needs to be in plan form and needs to show actual quantities and locations for proposed planting. Indicative areas of proposed planting is not sufficient to adequately show where planting is to be located. The drawing schedule presently indicates proposed sizes only, this needs to be incorporated into a schedule with the quantities so that a clear picture of the proposals can be seen.

We would require that the above information is submitted and agreed and therefore **we would not at this stage recommend the discharge of Condition 8 on this application**
