Hi Anita,
Yes I would agree the condition can be discharged since a charge point will be provided to each garage (or drive). I am not quite sure of where Highways' reference that the charge points should be **in** the garages originates from, but NFA required.
Very kind regards
Carol

Hi Carol,

I have looked at this. The condition only requires one point per dwelling and one point is being provided in each garage so I think it is dischargeable. Unless I have missed something!
