Morning Anita,

I trust you had a well-deserved break, it would appear that you have a very heavy workload at present, our application was lodged initially with a view to be under construction in September due to the strict restrictions in place by ADC for our contractors only being able to work out of season, this would appear unfeasible given that you have not reviewed this application yet.

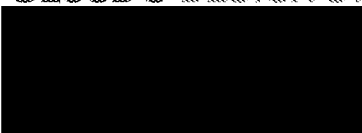

What we want to avoid is a situation whereby this application does not get reviewed until later in September and then we have further EOT's on the basis that you may not be in agreement/support of the alterations, so if possible could you take a look and offer some informal advice in advance please?

That said, I empathise with your work load situation and would be happy to agree the EOT you are requesting.

I look forward to hearing from you in due course.

Best wishes

Dear Rudi,

I am not in the office after today until 27-08-2019. I also have a significant case load and need to deal with the 30 or so applications which are older than yours as a priority. It is therefore unlikely that I will be able to provide you with an update until the end of August and I would anticipate that a report is unlikely to be written before the middle of September. I would therefore be grateful if you would agree to an extension of time on the application until 20-09-2019. I apologise for the delay in determination.

Regards
Anita

Good Morning Anita,

Further to my voicemail, can you confirm how far in to the process for determining this application you are please? We are keen to obtain our necessary permissions at the earliest opportunity and if there is anything you wish to discuss please do not hesitate to contact me.

Kind regards
