Subject: RE: Planning Application - LU/200/19/PL Old coastguard tower

Morning Anita,

Shutters: Please see attached the technical brochure for the Hawa 60 frontslide shutters as requested.

Front Door: We have reconsidered the use of the Urban front Milano (zigzag) wooden front door (previously specified by others) given the exposed nature of the site, so instead we are looking to use a composite or an aluminium front door to match the windows and the shutters, which in turn is the same RAL colour as the proposed pre weathered quartz coloured zinc that is due to be installed on the roof and upper section of wall to tower.

RAL colour 7037 – dusty grey
Door reference – Somerton DT0012 colour ref SEN025 or RAL 7037
Brochure attached, see p20.

File sizes are quite large so please confirm receipt of email and both attachments if possible please.

If you need anything further then please ask.

Kind regards

Rudi Tyrrell

Hi Rudi,

On the basis of your e-mail I am satisfied that the other materials remain as approved and if this application is approved there would effectively be 2 sets of elevation plans. However, I will require brochure details of the door and shutters proposed within this application.

Regards

Anita

Hi Anita,

All those details follow from the previous applications approval so I did not duplicate them as they have been pre approved already and not something we are changing.

See attached previous doc.

If you still need me to act please confirm.

Many thanks

Rudi Tyrrell

Hi Rudi,

I have had a look through the application and would appreciate confirmation as to whether solar panels are now deleted from the application and I will need to see precise details of the Hawa front slide shutters or Wenge Zig zag door? There are no details of what the door is to be made from. Do you have any brochure extract details? Also the approved elevation plans referred to materials such as render and balcony materials and there are no materials indicated on the currently submitted elevation plans.

Without prejudice, please can you provide confirmation/ substitute elevation plans with materials indicated within the next 10 days?

Regards

Anita Gardner

Hi Rudi,

In my informal view I don't foresee any issue with the changes proposed in principle.

Thank you for your patience and understanding. I'm afraid your application is nowhere near the top of my applications in terms of date priority. It may be reallocated, but I think it is unlikely that I will be in a position to write my report for at least 3 weeks. Please feel free to e-mail me for an update in a few weeks.

Regards

Anita

Morning Anita,

I trust you had a well-deserved break, it would appear that you have a very heavy workload at present, our application was lodged initially with a view to be under construction in September due to the strict restrictions in place by ADC for our contractors only being able to work out of season, this would appear unfeasible given that you have not reviewed this application yet.

What we want to avoid is a situation whereby this application does not get reviewed until later in September and then we have further EOT's on the basis that you may not be in agreement/support of the alterations, so if possible could you take a look and offer some informal advice in advance please?

That said, I empathise with your work load situation and would be happy to agree the EOT you are requesting.

I look forward to hearing from you in due course.

Best wishes

Rudi Tyrrell

Dear Rudi,

I am not in the office after today until 27-08-2019. I also have a significant case load and need to deal with the 30 or so applications which are older than yours as a priority. It is therefore unlikely that I will be able to provide you with an update until the end of August and I would anticipate that a report is unlikely to be written before the middle of September. I would therefore be grateful if you would agree to an extension of time on the application until 20-09-2019. I apologise for the delay in determination.

Regards

Anita

Good Morning Anita,

Further to my voicemail, can you confirm how far in to the process for determining this application you are please? We are keen to obtain our necessary permissions at the earliest opportunity and if there is anything you wish to discuss please do not hesitate to contact me.

Kind regards

Rudi Tyrrell
