Comment from Greenspace

This application has included a detailed and well thought out scheme of trees and shrubs that are both suitable and fitting for location. The schedules and detail contained within P3 revised drawings dwg 13121-P.10.006 P3 & dwg 13121-P.10.007 P3 does now contain specific quantities, which we had previously requested in plan form.

I would recommend therefore now recommend that the reserved matters application relating to landscaping under application LU/201/16/RES following outline consent LU/229/10 is approved.
