Subject: RE: LU/206/21/RES - Phase 5 and the Central Spine Road, Hampton Park

Michael,

Thank you for the additional plan regarding the proposed works to the junction, which I have reviewed. It is positive to note that the road/junction will come no closer to the listed buildings and their curtilage listed walling that at present. It is also positive that the pavement provision will be on the southern side of the road and therefore further away from the asserts.

I would want to be assured that the boundary walling is not harmed during the construction phase either directly or indirectly as a result of ground disturbance.

I hope that this is of assistance to you

Kind Regards

Martyn
