Thank you for your internet representation made on 27th May 2022 which has been recorded as an objection with the comments as follows:

OWPC47793

It's hard to penetrate the technical notes on drainage for both this application and the one for the central wetlands area, however I'm concerned about the rate of contaminated road and driveway run off which will end up in the wetlands area and the Black Ditch, threatening the ecological benefits. A clear explanation in the officers report before determining the application would help.

Your views as made above will be considered before the application is determined.
